EAI welcomes the opportunity to respond to the SEMC consultation and call for evidence on indexation of Capacity Payments. Whilst EAI does not have a consensus position on the Call for Evidence or the indexation for T-3 24/25 and T-4 25/26, we do support the indexation of payments for all future auctions.

Some of the benefits of indexation are:

- Ensuring investor confidence for capacity auctions
- Helping support delivery of future generation

Yours Sincerely,

Dara Lynott
CEO
