

SEM Trading and Settlement Code

Imperfections Charge Factor for 1 October 2019 until 30 September 2020

Decision Paper

SEM-19-039

28 August 2019

In accordance with and under section F.12.1.1 (b) I-SEM Trading and Settlement Code (Part B) the Single Electricity Market Operator has submitted a request proposing a setting to 1 for each imbalance settlement period for the Imperfections Charge Factor, FCIMPy (for Capacity Year y), applicable from I-SEM Go-Live to end September 2019.

The SEM Committee is publishing this note and accordingly confirms that the Imperfections Charge Factor which will apply from 1 October 2019 to 30 September 2020 is set equal to **1**.
