

Registration of Interest for PSO supported CFDs
14th May 2010

Following on from publication of the Regulatory Authorities' Information Paper on contracting (SEM-10-017), ESB PG intends to offer two way CfDs associated with the PSO for auction on the 14th May 2010. This auction will take place on the Tullet Prebon Platform.

It is envisaged that the CfDs on offer in this auction will be of a monthly duration and will be for the following products and volumes:

Product	Baseload (MW)	Mid-Merit (MW)	Mid-Merit 2 (MW)
June-10	33	32.5	32.5
July-10	29	28.5	28.5
August-10	29	28.5	28.5
September-10	29	28.5	28.5

This auction will be the second of three auctions where short-term 2009/10 SEM year PSO supported CfD products will be sold. The provisional date for the remaining auction is 11th June 2010.

Any party who is interested in participating in the auction will need to enter into a 2009/2010 PSO supported CfD Master Agreement with ESBPG (if they have not already done so) and satisfy the eligibility criteria contained in the relevant auction rules.

Interested parties are asked to register their contact information so that communications on the PSO supported contract process can be consistently communicated to all parties.

To register your interest in receiving communications regarding this auction, please send your name, company, email address, and phone number to:

pgpso@esb.ie

Communications will be sent by email to the email addresses notified through the above process. Where a company wishes communications to be sent to multiple people, details should be provided for each person.

For the avoidance of doubt, those who registered their interest for the June/July 2009 PSO supported contract auctions, or for the 14th April 2010 auction, and who subsequently received communication regarding those auctions, will also receive information regarding the auction detailed above.
