RE: SEM-11-020 2011/12 Contracting Process, including PSO-related CfDs

Dear Andrew, Colin,

Endesa Ireland welcomes the opportunity to respond to the Consultation Paper on the 2011/12 Contracting Process, including PSO-related CfDs.

Endesa Ireland is in favour of the proposal to increase the regularity of PSO-related CfD offerings, so that half would be offered monthly and half quarterly. Endesa Ireland is disappointed that the RAs did not proceed with the proposal to offer DCs on a quarterly basis, as decided in SEM-11-17, particularly given that most of those responding to the consultation were in favour of the proposal.

As regards the mix of product to be offered, Endesa Ireland would like to see a peak product included.

Please don't hesitate to contact me should you wish to discuss any aspects of this response.

Regards,

A handwritten signature in blue ink, reading 'Deirdre Powers'.
