**Re: Single Electricity Market Capacity Payment Mechanism FCPPy and ECPPy for
Trading Year 2012 - SEM-11-063**

Dear Clive, Jody,

Endesa Ireland welcomes the consultation on Capacity Payment Weighting Factors for 2012. The Consultation Paper proposes that the following parameters should be maintained:

- FCPPy should be set to a value of 0.3
- ECPPy should be set to a value of 0.3
- VCPPy should be set to a value of 0.4

Endesa Ireland agrees with the Regulatory Authorities' proposal to maintain the current values for these parameters for 2012.

Best regards,
