**Re: Consultation Paper on Generator Financial Reporting in the SEM  
(SEM-11-106), December 2011**

Dear Mr O'Toole,

The Northern Ireland Renewables Industry Group (NIRIG) is a joint collaboration between the Irish Wind Energy Association (IWEA) and RenewableUK. NIRIG represents the views of the large scale and small scale Renewable Energy Industry in Northern Ireland, providing a conduit for knowledge exchange, policy development support and consensus on best practice between all stakeholders in renewable energy.

NIRIG welcomes the opportunity to respond to the SEM Committee Consultation on the Generator Financial Reporting in the SEM.

As an industry group we provide our full support for the Irish Wind Energy Association's response to this consultation, and ask that this support be noted.

Yours sincerely,

Meabh Cormacain
