

NIRIG response to the Next Steps Proposed Decision Paper for Implementation of the European Target Model for the Single Electricity Market (SEM-12-105a)

21st December 2012

The Northern Ireland Renewables Industry Group (NIRIG) is a joint collaboration between the Irish Wind Energy Association and RenewableUK. NIRIG represents the views of the renewable energy industry in Northern Ireland, providing a conduit for knowledge exchange, policy development support and consensus on best practice between all stakeholders in renewable energy.

NIRIG welcomes the opportunity to respond to the Next Steps Proposed Decision Paper for Implementation of the European Target Model for the Single Electricity Market.

NIRIG supports the IWEA response to this consultation and would request that this support be noted.

Yours sincerely
