CAPACITY MARKET CODE MODIFICATIONS CONSULTATION COMMENTS:

ID	
CMC_05_19 - General Housekeeping Modifications	SSE are comfortable with both of these mods and engaged with the working group and additional session to finalise these proposals.
CMC_06_19 - Modification to the Proportion of Delivered Capacity calculation (G.3.1.4) v3.0	<p>SSE are comfortable with both of these mods and engaged with the working group and additional session to finalise these proposals.</p> <p>However, I have two points of clarity under CMC_06_19 in terms of the final drafting for the Code. We want to confirm that the final drafting will reflect the discussion in 2.3.14 and 2.3.15. Specifically, that there are definitions inserted for IMOT(T) and IMOT(E) if not already included. This will ensure that there is this clarity as asked for on the call. Additionally, the typographical error mentioned in 2.3.15 is remedied in terms of referencing DSUs in the existing wording. If these could be confirmed in the Decision/final drafting of the mods.</p>
